President's Message

To all members of the Land O' Lakes Curling Club past, present and future, welcome to 2015-16 season. Although the Board of Directors has been reduced, we have other members working hard on various responsibilities of your club. You may visit our website, www.curltweed.ca for more information. At the AGM we learned that due to the high cost of hydro and decline in membership, the LOLCC is not at the financial state of past years. The Board of Directors decided to be proactive and have slightly raised the cost of membership, rentals & bar prices. I encourage all members to spread the word of our wonderful facility, and all it offers: curling, shuffleboard, pickleball, plus rentals. I hope to see you with your family & friends at the coming events; Comedy Night, West Highland & Hunter Creek Golf, & our 50th Anniversary Year Celebrations.

Dave Palmer
